Getting to Know Tableau for Data Visualization

LATEST SUBMISSION GRADE
100%

1. Select all of the things you can access from the Discover section of the Welcome screen (Select all that apply.)

1 / 1 point

☒ Check out the Viz of the Day

✓ **Correct**

The middle of the Discover section has a link to the most recent Viz of the Day.

☒ Go to a "how-to" video

✓ **Correct**

The top of the Discover section has a list of how-to videos you can watch to help you get started.

☐ Create a new dashboard sheet

2. Versions of Tableau are forwards-compatible, but they are not backwards-compatible.

1 / 1 point

How Tableau for Data Visualization

2. Versions of Tableau are forwards-compatible, but they are not backwards-compatible.

1 / 1 point

- ☐ True
☒ False

Correct

Versions of Tableau are backwards-compatible, but not forwards. In other words, you can open up older workbooks in newer versions, but you can't open up newer workbooks in older versions.

3. What kinds of things can you do in the Discover section of the Welcome screen? (Select all that apply.)

1 / 1 point

- ☐ Create a new data connection
☒ Find how-to videos

Correct

You can see a short list of how-to videos in the Discover section.

- ☒ Find the "up or down" status of Tableau systems

Correct

You can find a link to the status of Tableau systems in the Discover section.

How Tableau for Data Visualization

4. What happens when you click on the Tableau logo in the upper left of the Worksheet screen?

1 / 1 point

- ☐ Nothing happens, it's just an icon.
- ☒ You go back to the Welcome Screen

Correct

Clicking on the Tableau logo brings you back to the Welcome screen.

5. When sitting in the Worksheet screen, what does clicking on the Tableau logo do?

1 / 1 point

- ☒ Takes you back to the Welcome screen
- ☐ Takes you to the Tableau website

Correct

Clicking the Tableau Logo from the Worksheet screen takes you back to the Welcome screen. Clicking the logo on the Welcome screen will take you back to the Worksheet screen.

6. What does a green pill mean?

1 / 1 point

- ☒ Continuous data
- ☐ Discrete data

Correct

A green pill means your data is continuous, meaning that it can take on any value.

7. Which axis does the Rows shelf control?

- ☒ Y-axis
- ☐ X-axis

Correct

The Rows shelf controls information which is to be stored vertically, so it is synonymous with the y-axis.

3. How would I go about seeing what my dashboard would look like on a cell phone?

- ☒ Use the Device Preview
- ☐ Add a phone icon to the dashboard using an Image object.
- ☐ Use the "Show me" menu on the dashboard

Correct

Using Device Preview starts the Device Designer, which allows you to see what your viz will look like on desktops, phones, and tablets.
